Team Project Peer Evaluations

(Confidential, do not share with others on your team or other class members)

Your Name _____ **Team#** _____ **Project Title** _____

Please rate the contributions to this project by each member of your team according to the criteria shown below. Fill this out prior to team presentations and hand in to instructor the day of presentations. Alternatively, you may submit your evaluation to catalyst.

A. Contributions:

Add 10 – 20 points for major contribution to the project. In addition to his/her own assignment, helped others with their work. Was present and on time for every group session and always followed through with his/her responsibilities.

B. Completions

Add 5 – 15 points for completions of his/her assignments on schedule. Attended/participated in most work sessions. Participated in design sessions, but worked alone and tended not to help others.

C. Participation

Subtract 0 – 10 points for assignments often late and/or did not work properly. Required extensive support from other team members or often missed meetings.

D. Value to the project

Subtract 0 – 5 points if project would have had been better without him/her.

Last/First Name	A. Contributions	B. Completions	C. Participation	D. Value	Total

Do not rate yourself;

The goal of the your peer evaluation is to come up with a number rating which is different for each of the other team members.
